

Think it! Make it!

FREE HANDS-ON EVENT FOR KIDS

SATURDAY, FEB. 24 · 11AM-2PM

Join us for a day of hands-on activities that give kids the opportunity to learn about how things are built, and engage in fun, creative kid-friendly engineering projects.

Kids will enjoy building, learning, and creating something new at each station with our fun and experienced mentors. All supplies provided.

Located next to Christopher & Banks.
Questions? Call 541.926.1517 for more information.

Geared towards children in elementary through middle school. Parents/guardians must remain with their children during the event.
